Attorney Docket No. 3135-050936

A status check was filed on October 31, 2006. On November 14, 2006, the Applicant's representative learned that the above-identified patent application had gone abandoned for failure to respond to the Notification of Missing Requirements mailed on January 31, 2006. The Notification of Missing Requirements was never received by applicant's attorney. A Notification of Abandonment was subsequently mailed to applicant's attorney.

The national phase of the above-identified application was initiated in the United States Patent and Trademark Office on April 1, 2005 as an informal application. Although the Combined Declaration and Power of Attorney, as well as an Assignment, were executed by the inventor and provided to the undersigned attorney in June of 2005, they were not submitted to the Patent and Trademark Office pending receipt of the Notification of Missing Requirements. Evidently, the Notification of Missing Requirements had been mailed by the Patent and Trademark Office on or about January 31, 2006, but was not received by the undersigned attorneys. Accordingly, an inquiry was made of the Patent and Trademark Office regarding the status of the Notification of Missing Requirements. Applicant's attorney was advised that it would be necessary to file this Petition.

Applicant encloses herewith a complete Response to the Notification of Missing Requirements, including the Combined Declaration and Power of Attorney signed by the inventor. The Assignment will be filed electronically.

Therefore, Applicant respectfully requests that this Petition be granted and the application be reinstated. Applicant also requests that the Response to the Notification of Missing Requirements submitted herewith be entered into the file. Nevertheless, the Commissioner for Patents and Trademarks is hereby authorized to charge any additional fees which may be required to Deposit Account No. 23-0650.

Respectfully submitted,
